Continuation of 2. NOTE: The combination of Original Claims 1 and 5, to produce a Currently Amended independent claim 5, and the changes in dependent claims 7 and 8, raise new issues and require further search and consideratin by the Examiner.

Continuation of 5. does NOT place the application in condition for allowance because: Claims 1, 3, and 4, of Applicants Amendment, dated 7/23/03, are labeled "Currently Amended". However, there are no markings to show changes made, and upon further inspection by the Examiner, appear to be identical to the originally filed claims, corresponding to the same numbers. In addition, the Examiner would like to reiterate the multiple decorders show in Figure 4, and the ability of PIP decoders, disclosed by Boyce, to produce pictures of varying resolutions. The arguments presented in Applicants response, dated 7/23/03, are the same arguments set forth in Applicants response, dated 2/6/03, and were properly addressed in the Examiners Final Rejection, dated4/22/03.
